---

2. SCOPE OF WORK

Module	Description
Web System	Admin dashboard, user management, trip management, analytics, reporting, payment verification
Mobile Application (Android)	User registration, cargo booking, driver matching, GPS tracking, wallet & payment, notifications
Backend & API	Secure data storage, API for mobile app and web dashboard, KYC integration, payment gateway
Testing & Deployment	Beta testing, bug fixes, deployment to cloud server

---

3. TOTAL DEVELOPMENT COST

DESCRIPTION	AMOUNT (TZS)
SYSTEM DEVELOPMENT (WEB + MOBILE)	4,700,000

Note: Domain & Hosting are not included in this price.

---

4. PAYMENT INSTALLMENTS

INSTALLMENT	PERCENTAGE	AMOUNT (TZS)
FIRST	30%	1,410,000
SECOND	20%	940,000
THIRD	50%	2,350,000

Recurring Services:

- Monthly Infrastructure & Security Monitoring: TZS 700,000 / month

- Annual Updates & Maintenance: TZS 2,000,000 / year

5. PROJECT TIMELINE

PHASE	DURATION
SYSTEM DESIGN	1 week
CORE DEVELOPMENT	4 – 5 weeks
TESTING & DEPLOYMENT	1 – 2 weeks
TOTAL ESTIMATED DURATION: 6 – 8 WEEKS	

6. TERMS & CONDITIONS

1. Client must provide all required data promptly.

2. Additional features beyond the agreed scope will incur extra charges.

3. Payments must follow the agreed schedule; system will be delivered only after full payment.

4. The system becomes client property upon completion of full payment.

5. Free support for 3 months after delivery for minor fixes.

6. Monthly and annual services are renewable by agreement.

7. ACCEPTANCE
